

YIK BOL MALEHEK

Jr Web Developer

I'm a junior developer who loves to learn and is passionate about web development. I have a solid foundation in web design basics and am proficient in HTML, CSS some JavaScript and WordPress. I'm excited to work in a fun and challenging team environment where I can contribute my skills to creating innovative solutions.

JavaScript

Wordpress

Experience

Teacher

Peace Primary Sch

Nov 2021 - Dec 2022

As a teacher, I provided regular feedback to students and parents to ensure that progress was being made, and collaborated with other teachers and staff members to develop and implement school-wide initiatives.

I also provided regular feedback to students and parents to ensure that progress was being made, and collaborated with other teachers and staff members to develop and implement school-wide initiatives.

Social Entrepreneurship facilitator

REHORI

Aug 2022 - Nov 2022

As a social entrepreneurship course facilitator, I was responsible for designing and delivering engaging curriculum that helped students develop their entrepreneurial skills and create impactful social ventures.
